Multi-sessional papers: Computer Science and Information Technology (CS) and Civil Engineering (CE) were conducted as multi-session papers in GATE 2026. More precisely, they were conducted in two sessions. Candidates were assigned to only one of the sessions - either the forenoon session or the afternoon session. The question papers were different for each session. Test papers are held in multiple sessions when the candidate count is so high that they all cannot be accommodated for the test in the same session. The scores of the candidates were normalized according to the normalization formula given in the Information Brochure.
