Q1.

Who is your best friend?

Q2.

Have you ever fought with your best friend?

Best friends

Circle

Square

Triangle

Rectangle

Chapter - 3 Best Friends

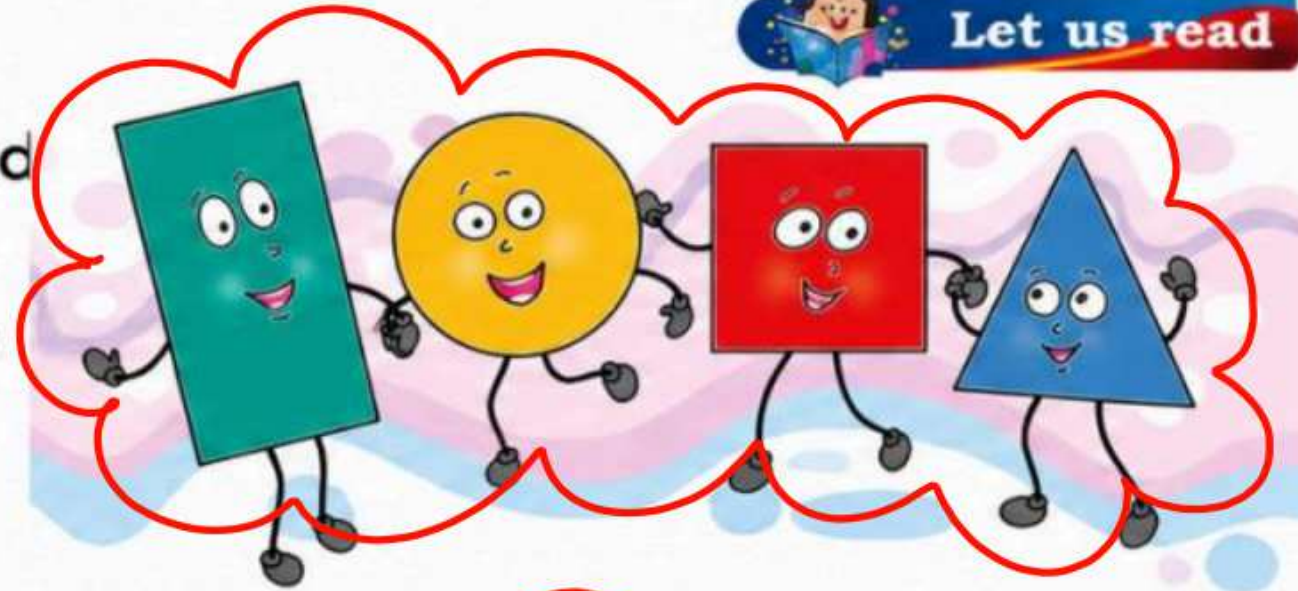

Chapter 3. Best Friends

0137CH03

Let us read

There were four friends — Circle, Square, Triangle and Rectangle. One day there began a fight between the friends. Each of them said they were the best.

Circle said, "I am the best! I am round and beautiful. I have no sharp edges. Children use me to draw a smiling face. There are so many beautiful things in my shape. I am the best!"

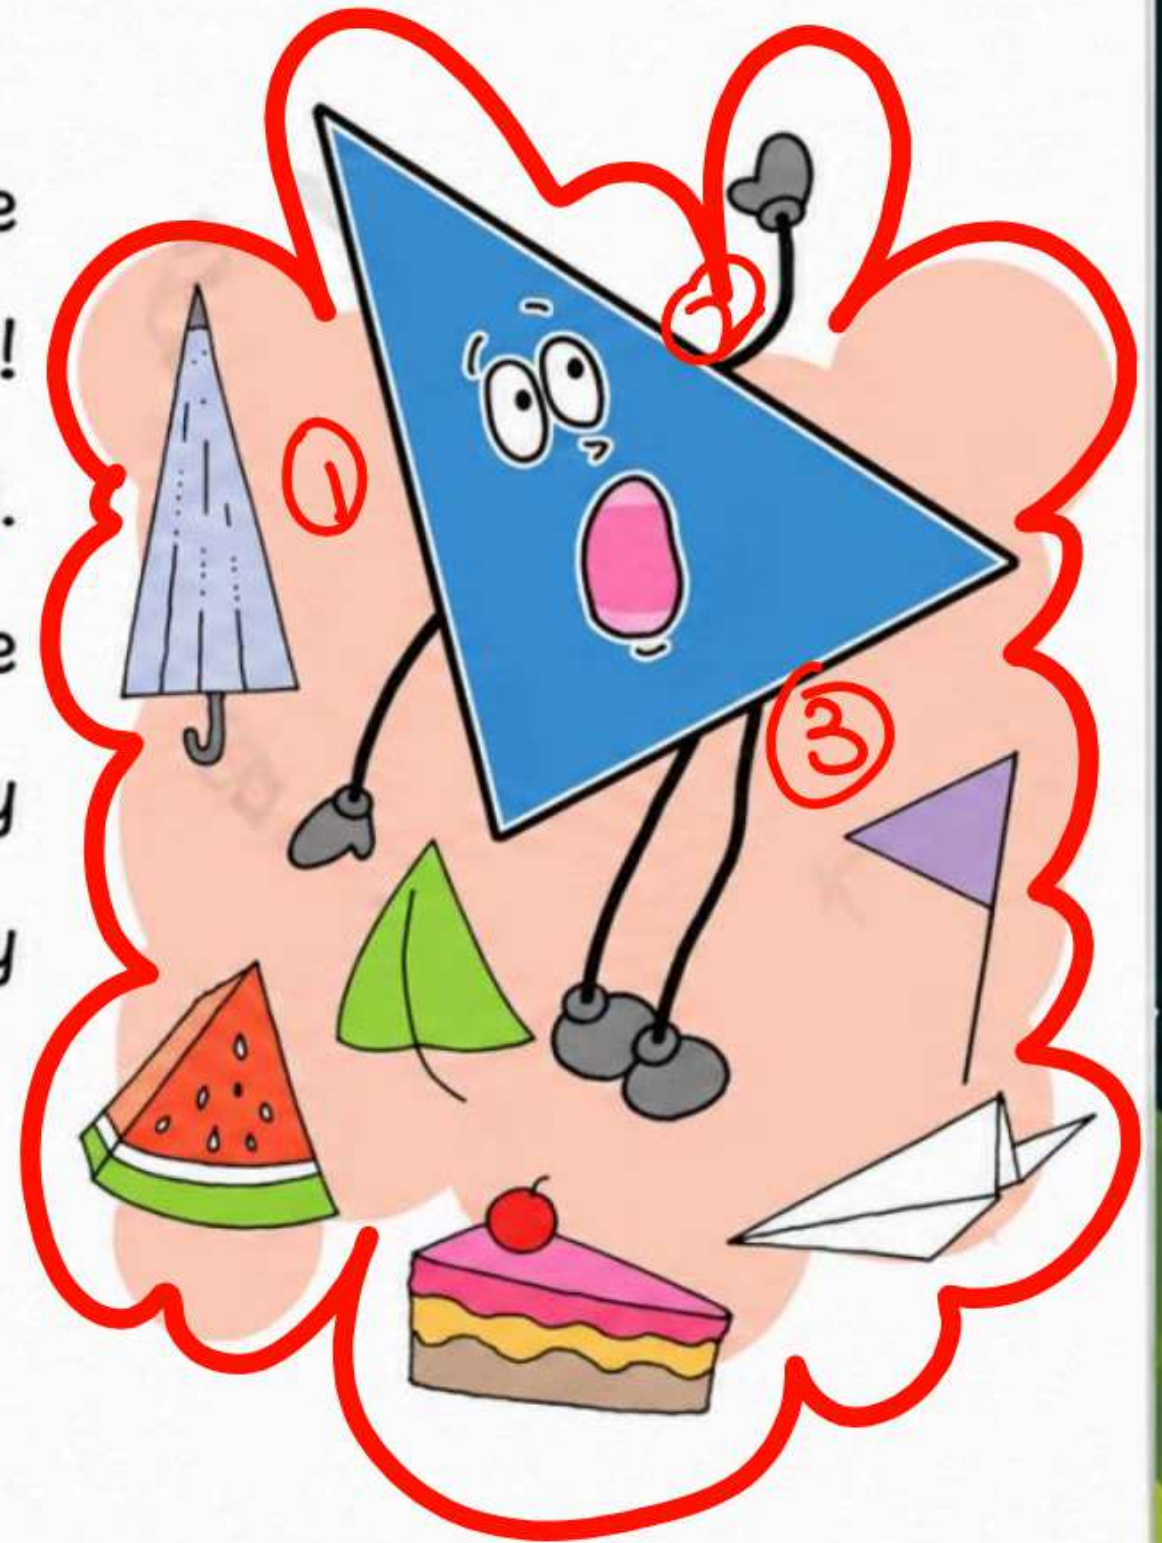

Chapter - 3 Best Friends

The other shapes refused to agree with the circle. Square then said, "I am the best! I have four sides and all of them are equal in size. Children eat many sweets which are square in shape. I look very beautiful and so I am the best."

Chapter - 3 Best Friends

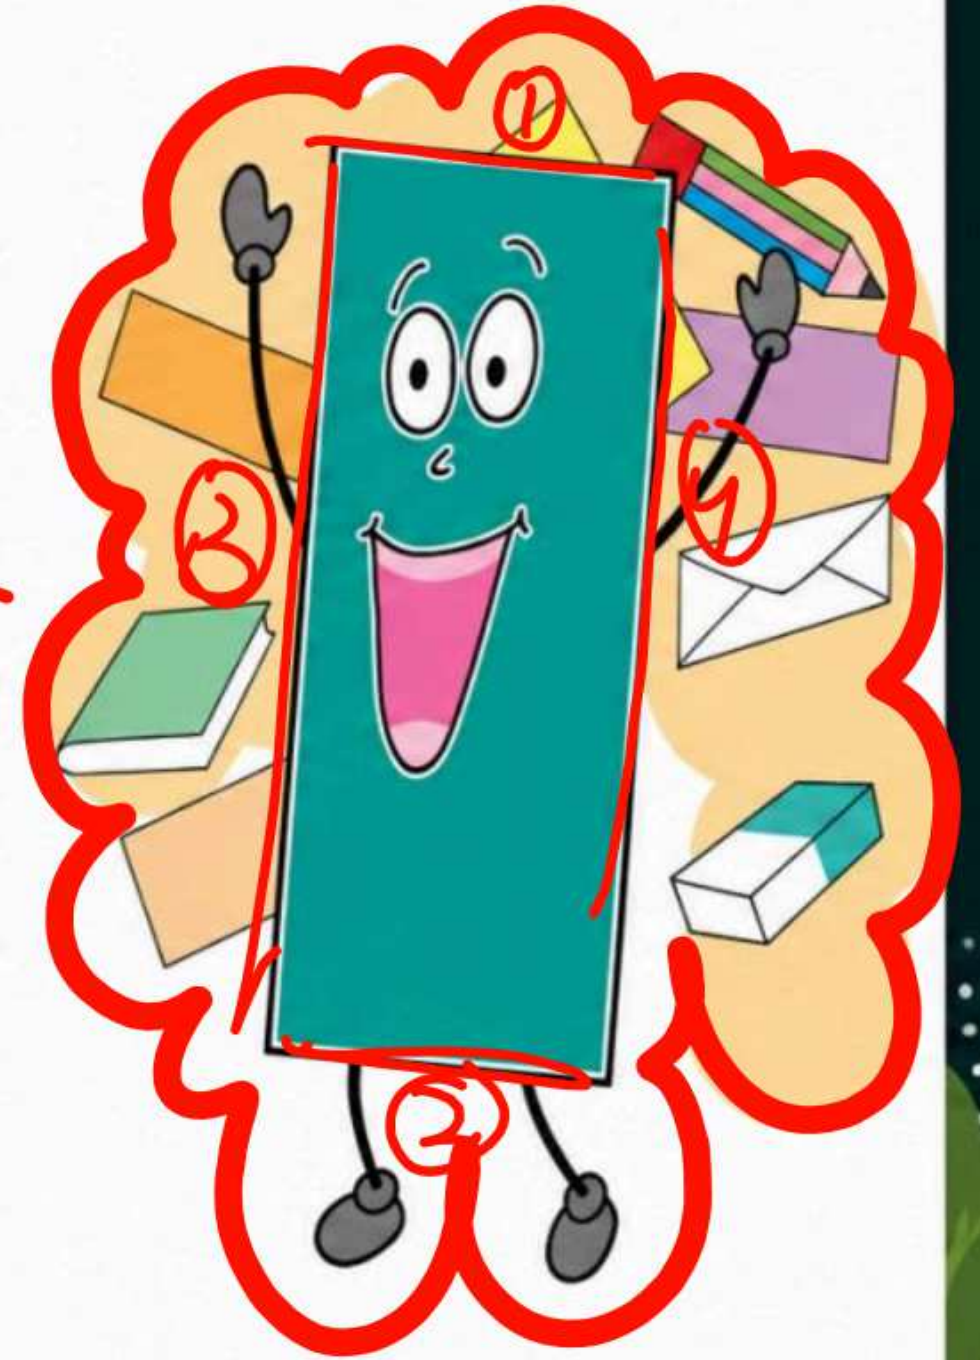

After listening to this, Triangle said in a loud voice, "I am the best! Just look at me! I am so beautiful. I have three sides. Children use me to draw mountains. They enjoy many yummy snacks in my shape. So, I am the best!"

Chapter - 3

Best Friends

Listening to the other three friends,
Rectangle laughed aloud. “Of course
not. No one can be better than me.
I have four sides. Two are equally long
and two are equally short. I look so
beautiful. Children enjoy biscuits and
chocolates in rectangle shape. They
also use so many things in my shape.
I am the best!” said the rectangle.

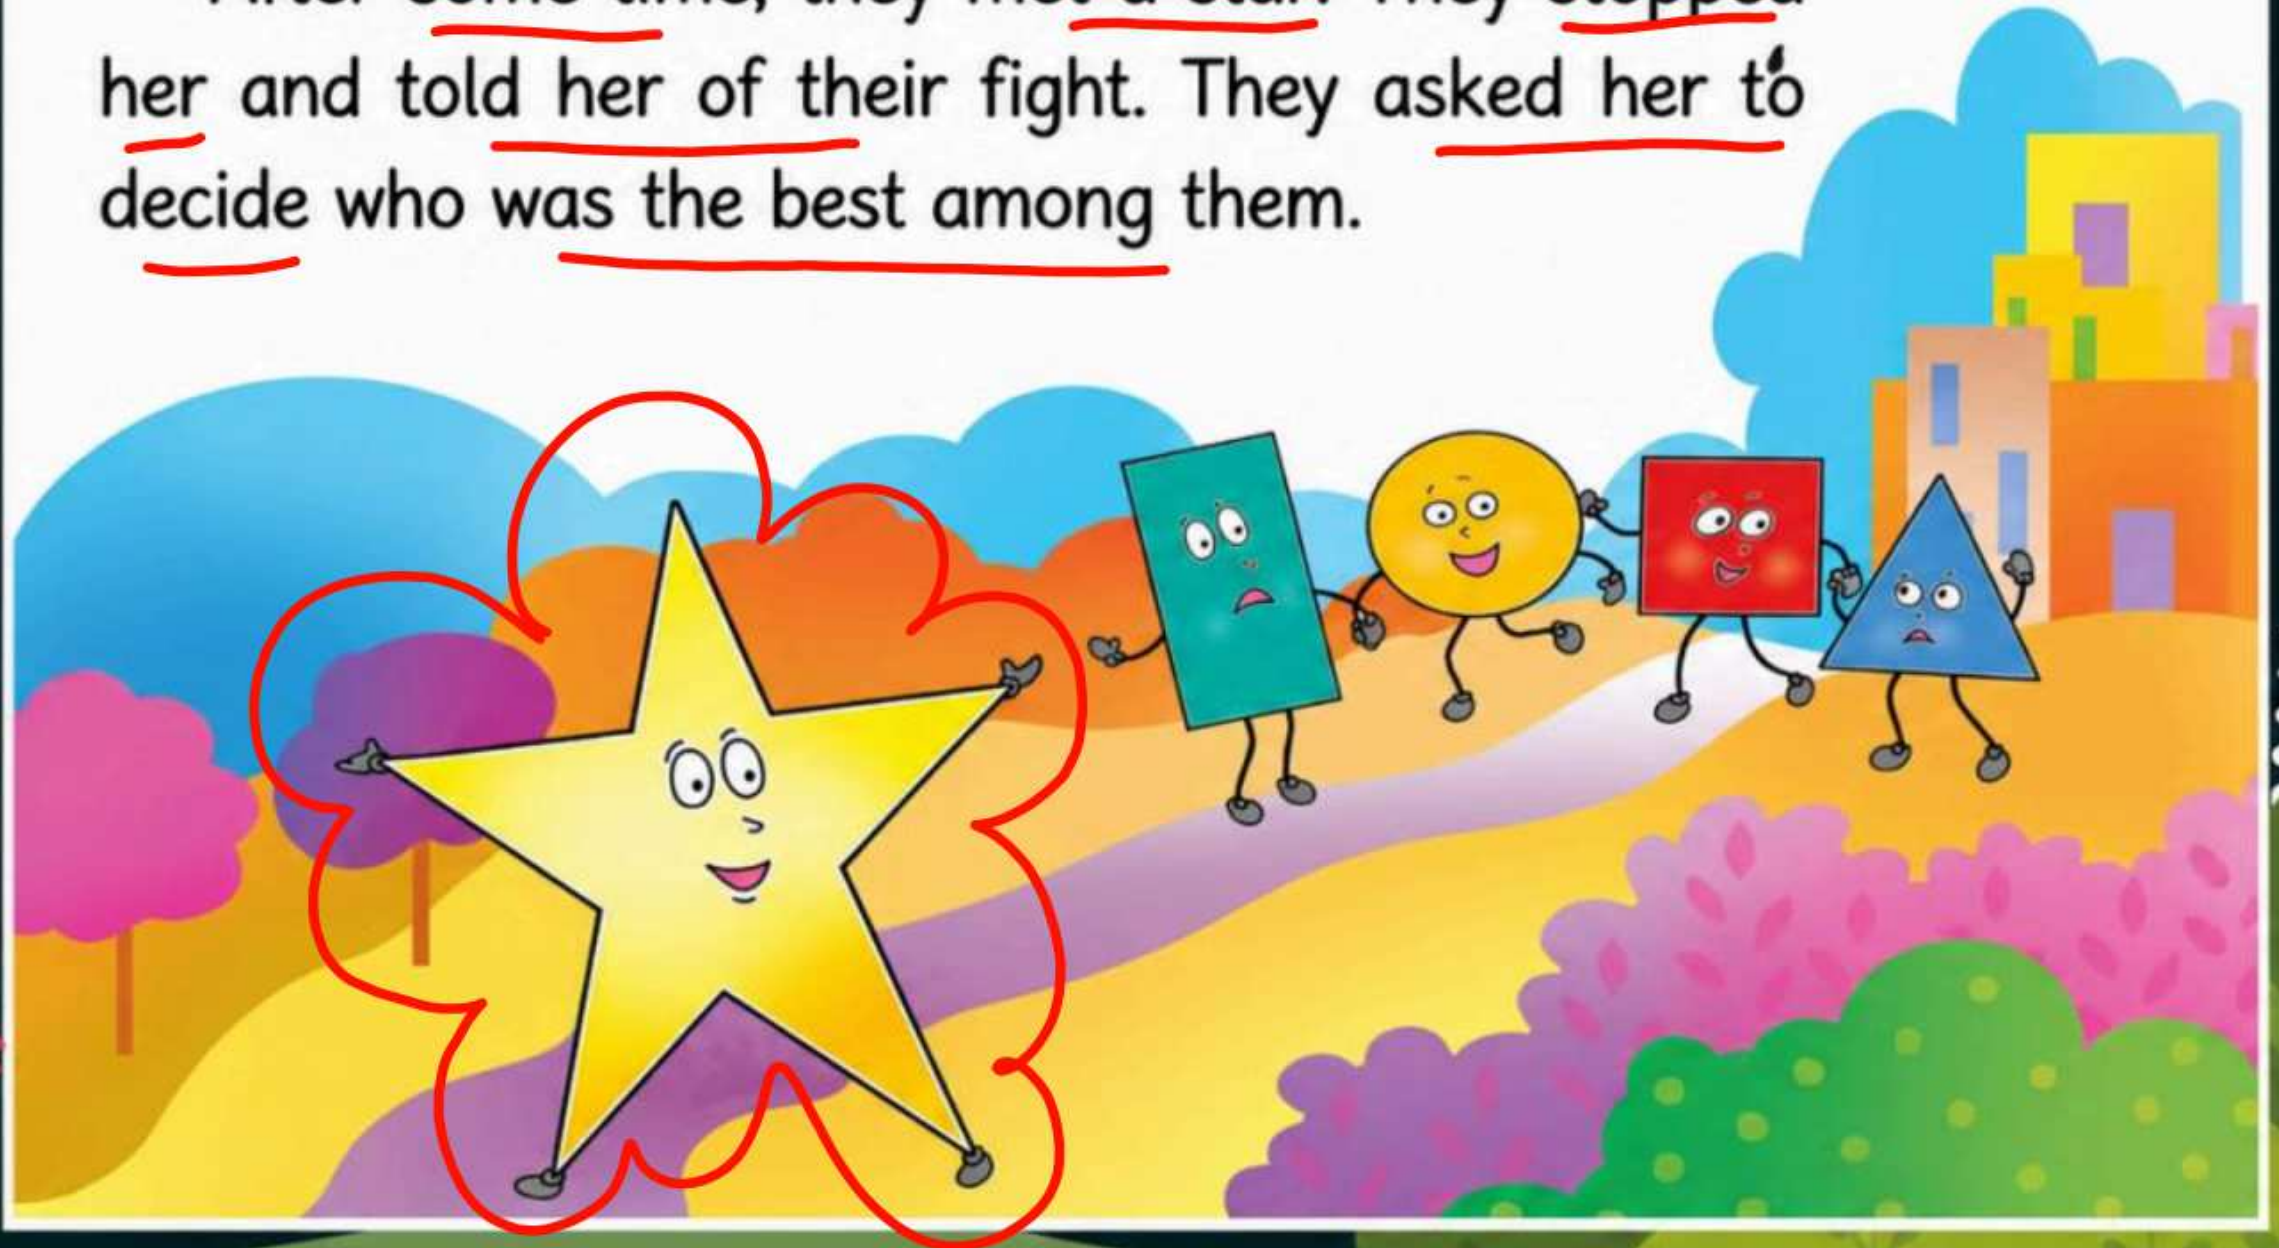

Chapter - 3 Best Friends

The friends could not decide who was the best among them. They decided to ask the first person they meet.

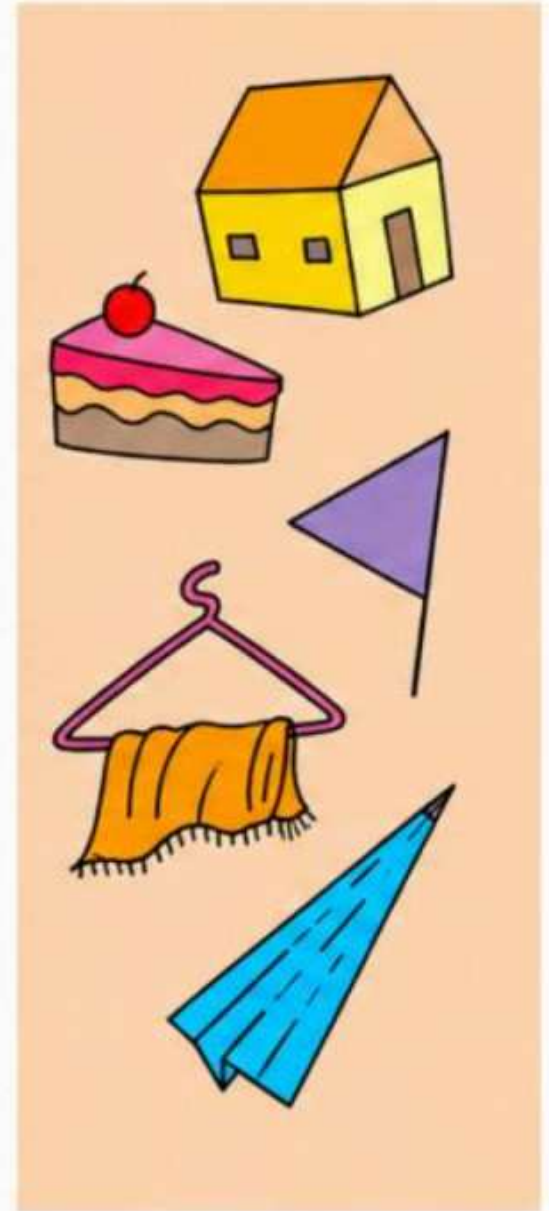

After some time, they met a star. They stopped her and told her of their fight. They asked her to decide who was the best among them.

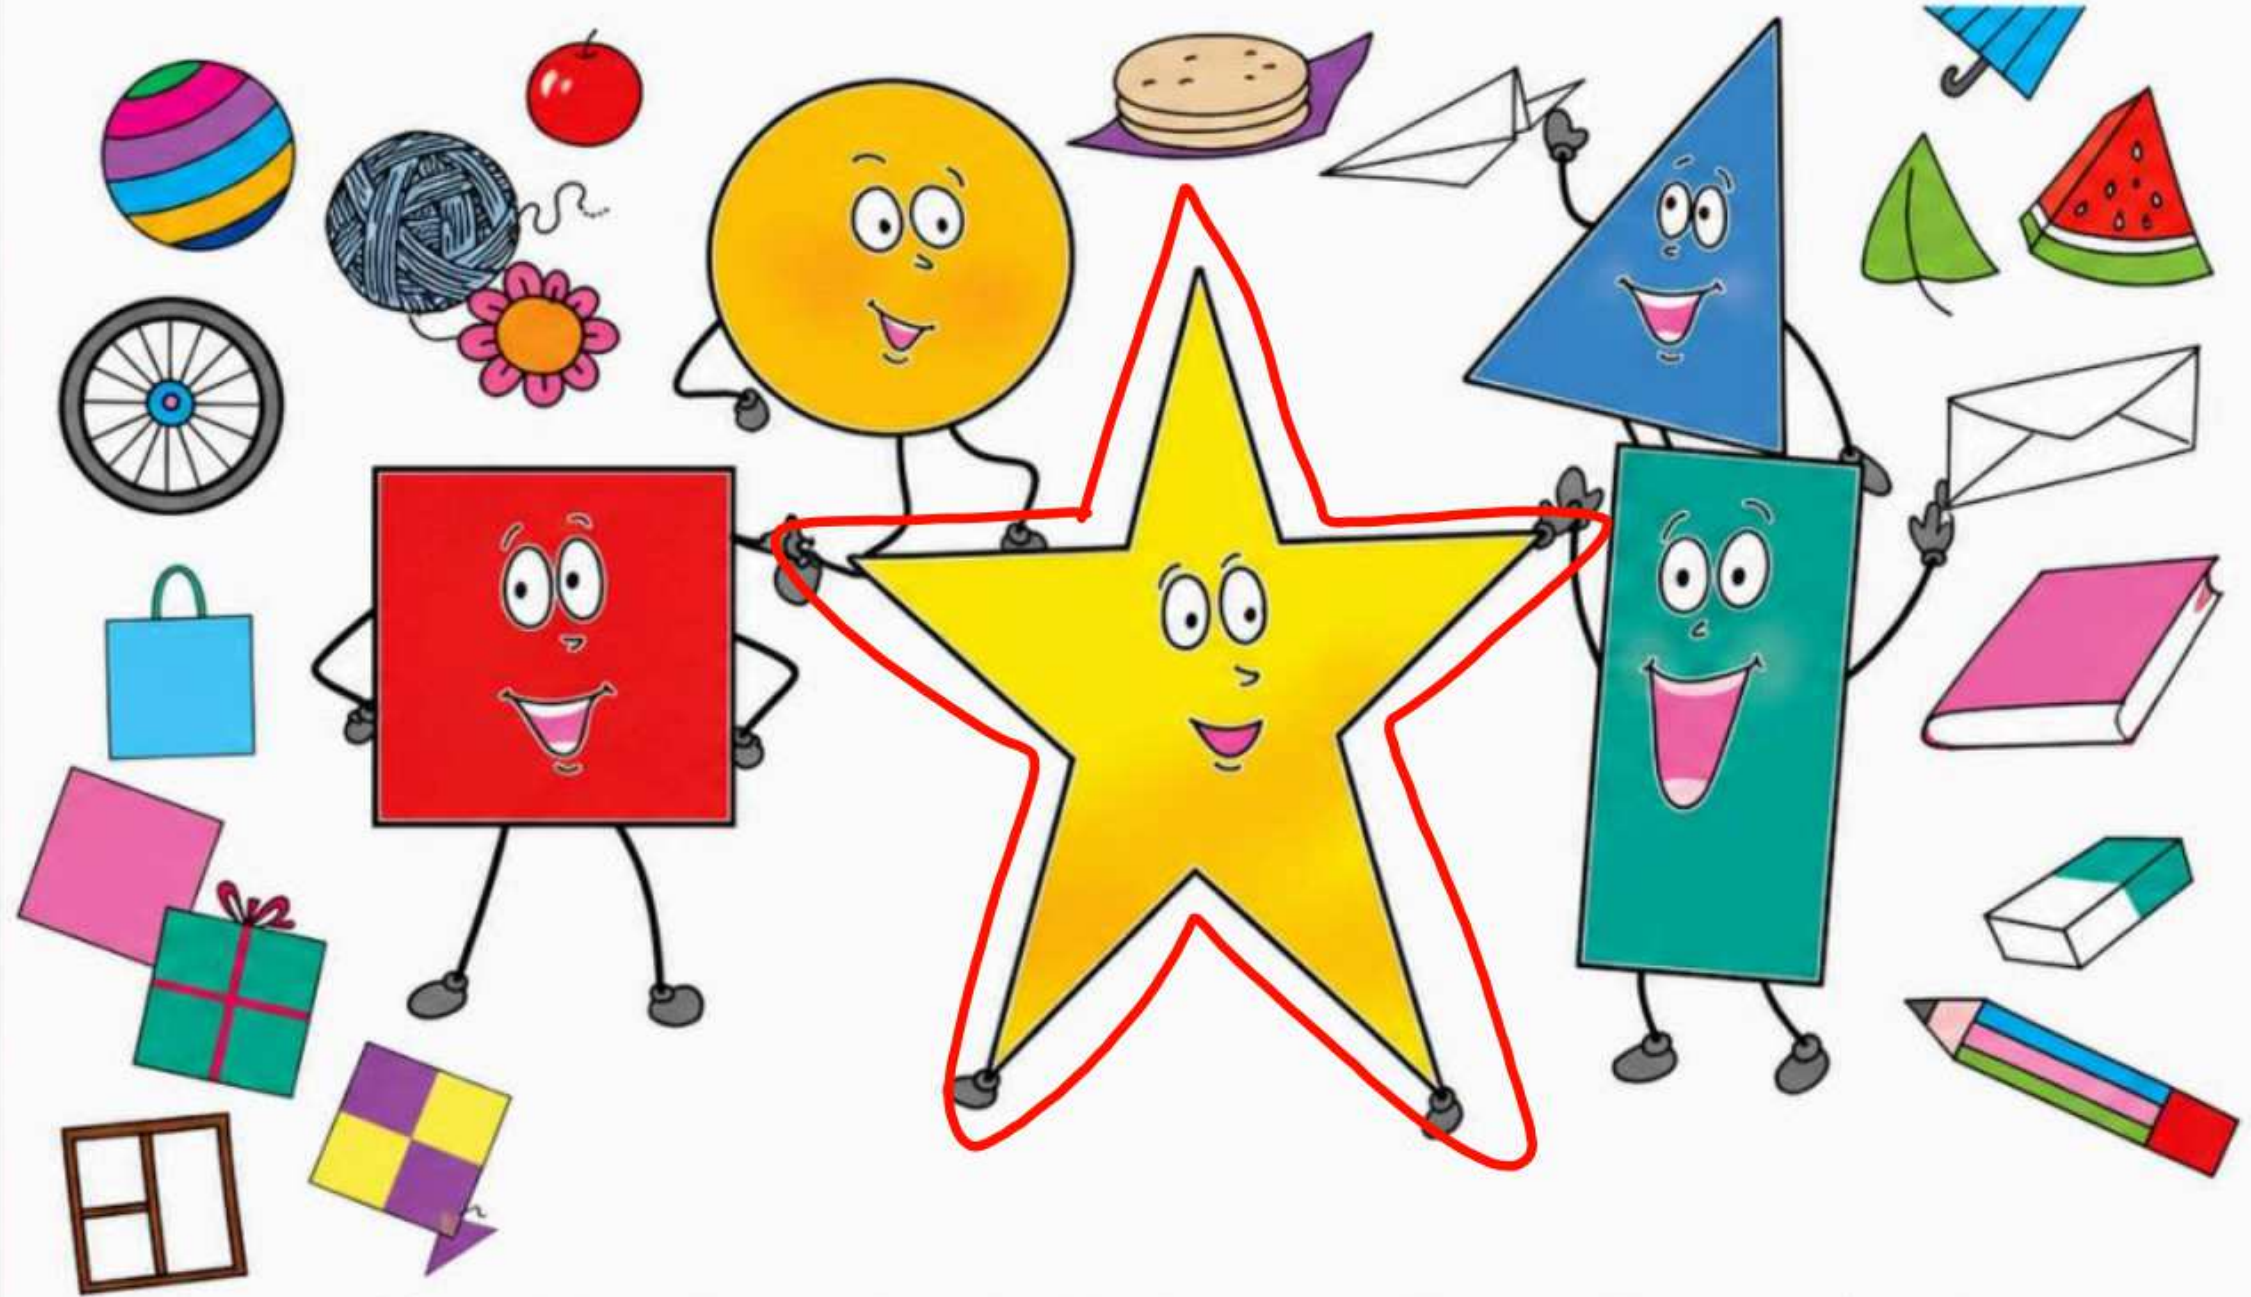

Chapter - 3 Best Friends

Samajdar / intelligent

The star was wise. She looked at all of them. She thought for a while. Then she said, "All of you are friends. Then why should you fight? Let me tell you something very important. Do you know what you could do if you were together? You could create the most beautiful pictures and patterns! Just look around. We find amazing designs and things in all the shapes. So, stop fighting. Together we all can create wonders."

Chapter - 3 Best Friends

The friends realised their mistake and promised
each other that they would never fight again. They
remained best friends forever.

Chapter - 3

Best Friends

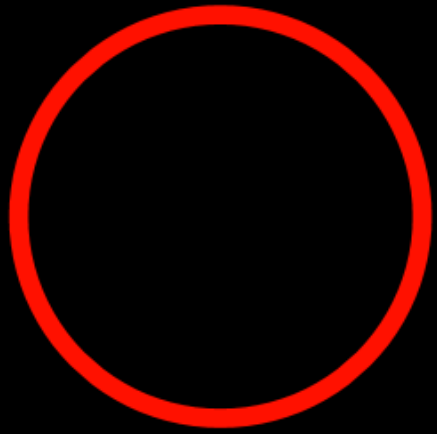

Let us think

Answer the following.

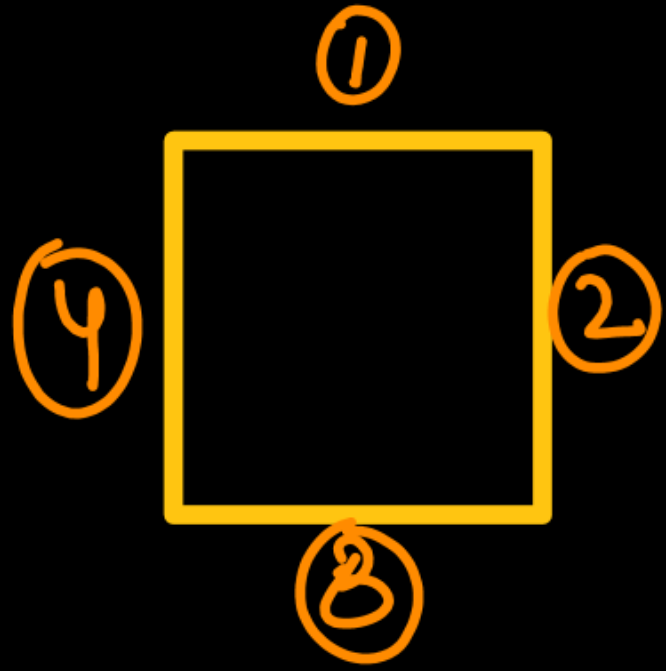

1. Who were the four friends?

The four friends were Circle, Triangle, Square and rectangle.

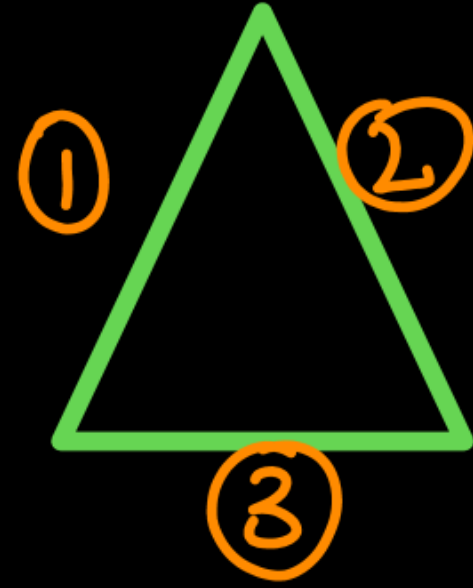

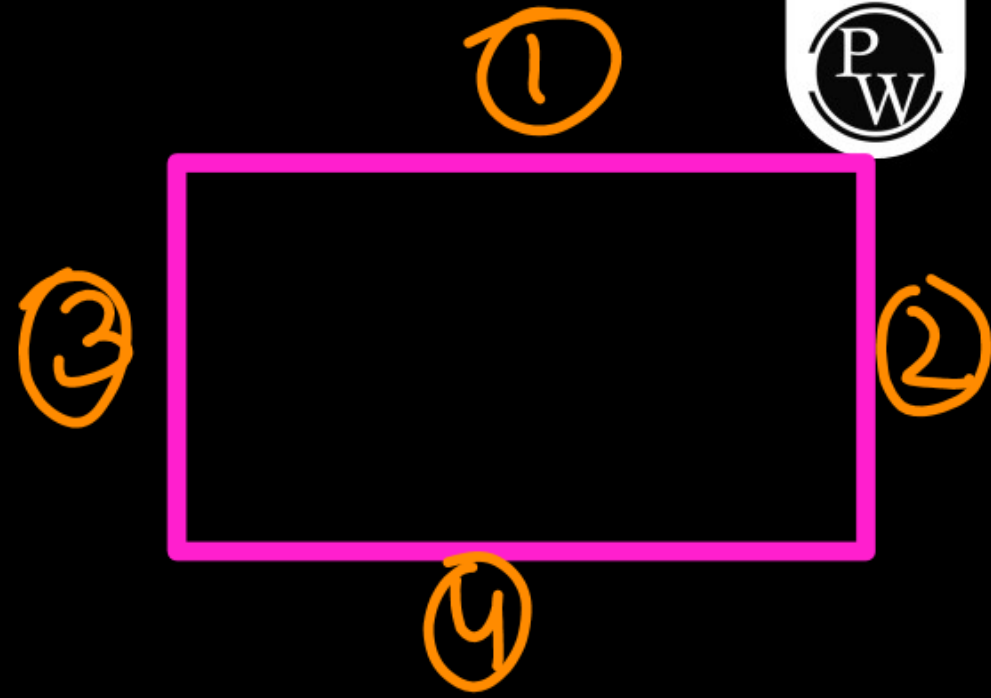

↓
No edges
0

edge = 4

edges = 3

edge = 4
