RBI Increases Collateral-Free Agricultural Loan Limit

To support the agriculture sector and address rising input costs, RBI has announced an increase in the limit of collateral-free agricultural loans, including loans for allied activities.

Key Points-

- ❖ Under this, the current loan limit of Rs 1.6 lakh per borrower has been increased to Rs 2 lakh.
- ❖ **Objective:** This decision acknowledges the impact of inflation and rising cost of agricultural inputs on farmers. It

aims to provide better financial access to farmers.

- ❖ This policy will be effective from January 1, 2025.
- ❖ This move increases credit accessibility especially for small and marginal farmers (over 86% of the area).
- ❖ This policy offers loans up to Rs 3 lakh at an effective interest rate of 4%, with a revised interest subsidy scheme.

Indian Light Tank

The Indian Light Tank achieved a major feat by firing several rounds of accurate fire at high altitude.

Key Points -

- ❖ The Indian Light Tank (ILT) has achieved a major feat by firing multiple rounds at various ranges on high altitude hilly terrain, at an altitude of over 4200 meters, with consistently accurate results.
- ❖ This is the next test after the Phase I test conducted in a desert environment in September 2024.
- ❖ **Manufacturing:** It has been designed and developed by Combat Vehicles Research and Development Establishment, a Chennai-based laboratory of DRDO.

- While it has been manufactured by industry partner Larsen & Toubro Precision Engineering & Systems.

- ❖ The ILT is being designed as a 25 tonne class armoured fighting vehicle, to meet the requirements of the armed forces in high altitude areas.
