## **NCERT Solutions For Class 6 English Honeysuckle Chapter 8 Questions and Answers**

Here are the NCERT Solutions for Class 6 English Honeysuckle Chapter 8 - A Game of Chance:

### **1) Why do you think Rasheed's uncle asked him not to buy anything in his absence?**

Rasheed's uncle's advice to refrain from buying anything in his absence stemmed from a genuine concern for Rasheed's well-being. Knowing the atmosphere of the fair and the potential for deceitful shopkeepers, the uncle wanted to protect Rasheed from falling victim to fraudulent schemes. He cautioned him against being lured into purchases that might not be genuine, emphasizing the need for caution and prudence.

### **2) Why was the shop called 'Lucky Shop'?**

The 'Lucky Shop' earned its name as it enticed people to test their luck by paying a nominal amount of 50 paise. The shopkeeper cleverly created an illusion of luck and fortune by offering prizes for those willing to take a chance. The term 'Lucky Shop' aimed to attract customers, encouraging them to believe in the possibility of winning valuable items through a game of chance.

### **3) An old man won a clock and sold it back to the shopkeeper. How much money did he make?**

The elderly man who won a clock at the 'Lucky Shop' managed to make a profit of 15 rupees. After claiming the clock as his prize, he opted to sell it back to the shopkeeper. This transaction allowed him to receive a sum of 15 rupees in exchange for the clock, leaving the old man content with his financial gain.

### **4) How many prizes did the boy win? What were they?**

The boy at the 'Lucky Shop' achieved success by winning a total of four prizes. These prizes included a comb, a fountain pen, a wristwatch, and a table lamp. The boy's happiness derived from not just winning the items but also from the subsequent exchange for a significant amount of cash.

**5) Why was Rasheed upset?**

Rasheed experienced profound disappointment and upset as he believed his luck had deserted him during the game of chance at the fair. Having been tempted to try his luck repeatedly, he ended up losing all the money he had. The hope of winning a substantial prize turned into regret and frustration, leaving Rasheed emotionally distressed.

**6) In what way did the shopkeeper make a fool of Rasheed?**

The shopkeeper employed cunning tactics to deceive Rasheed at the 'Lucky Shop.' By giving Rasheed items of little value and encouraging him to continue trying his luck, the shopkeeper exploited Rasheed's innocence. The repeated attempts to win big prizes led Rasheed to exhaust all his money, making him an unwitting victim of the shopkeeper's trickery.

**7) What was Rasheed's fault at the fair?**

Rasheed's fault at the fair was his inability to heed his uncle's advice. Despite being warned not to buy anything and to be cautious, Rasheed succumbed to the temptation of the 'Lucky Shop.' His fault lay in not exercising prudence and falling victim to the deceptive practices of the shopkeeper.

**8) How did Rasheed lose all his money at the Lucky shop?**

Rasheed lost all his money at the 'Lucky Shop' by succumbing to the allure of trying his luck repeatedly. Tempted by the possibility of winning valuable prizes, Rasheed played various games at the shop. Unfortunately, luck did not favor him, and with each attempt, he lost more money until he had nothing left.

**9) How would you describe Rasheed's 'bad luck'?**

Rasheed's 'bad luck' can be characterized by his unfortunate series of events at the 'Lucky Shop.' Despite his genuine intent to try his luck and win prizes, he consistently faced disappointment. The bad luck lay in Rasheed being unaware of the shopkeeper's deceptive practices, leading him to lose all his money without gaining any valuable prizes.

**10) How did uncle explain the 'game of chance'?**

Uncle explained to Rasheed that the 'game of chance' at the Lucky Shop was a deceptive ploy. He revealed that the old man and the boy who won costly items were associates of the shopkeeper. The game was rigged to trick customers into thinking they had a fair chance of winning valuable prizes. Uncle emphasized that it was all a cleverly orchestrated plan to tempt and deceive unsuspecting visitors.

**11) What is meant by a 'game of chance'? What lesson did the narrator learn from his experience at the fair?**

A 'game of chance' refers to a situation where the outcome is unpredictable, and luck plays a significant role. In this context, it involves staking money with the hope of winning prizes, often relying on luck rather than skill. The narrator, Rasheed, learned a valuable lesson from his experience at the fair. His innocent attempt to try his luck led to a realization that not every enticing opportunity guarantees success. The fair taught him the importance of discernment and caution, especially when faced with alluring but deceptive scenarios.

**12) What trick did the shopkeeper play to tempt his customers to play the losing game?**

The shopkeeper employed the illusion of luck and the promise of valuable prizes to tempt customers into playing the losing game. By naming the shop 'Lucky Shop' and creating an environment that suggested a fair chance of winning, he enticed people to try their luck. The shopkeeper strategically allowed his associates to win significant prizes, fostering the belief that everyone had a shot at success. This trickery misled customers like Rasheed into parting with their money in pursuit of illusory rewards.

## **NCERT Solutions For Class 6 English Honeysuckle Chapter 8 A Game of Chance Summary**

In the village of Rasheed, the annual Eid fair brought joy and excitement, lasting several days. Rasheed, accompanied by his uncle and their domestic help, Bhaiya, attended the fair. Uncle, meeting his friends, encouraged Rasheed to explore the fair with Bhaiya but cautioned them against making any purchases or wandering too far.

Aware of the potential deceit by some shopkeepers, Uncle emphasized caution. While exploring, Rasheed and Bhaiya came across the enticing "Lucky Shop." Here, people paid 50 paise to try their luck, and tales of individuals winning and profiting circulated. An old man won a clock, selling it back to the shopkeeper for a substantial amount.

A boy amassed various items, later exchanging them for a considerable sum of cash. Despite Bhaiya's encouragement, Rasheed succumbed to the allure of the games, losing all his money in the pursuit of a significant prize. Disheartened, they returned to their meeting point. Rasheed's uncle, upon hearing the story, consoled him and, instead of scolding, bought him an array of gifts, including a beautiful umbrella, biscuits, and sweets.

Later, Rasheed's uncle revealed the trick played by the Lucky Shop owner, explaining that the old man and the boy who won expensive items were accomplices of the shopkeeper.

Advising Rasheed to forget the incident and learn from his experience, Uncle turned the unfortunate incident into a lesson on wise decision-making. In the end, Rasheed and his uncle returned home with valuable insights, gifts, and a newfound understanding of the importance of being vigilant in the face of tempting but deceptive opportunities.
