 Do not write anything else on the Test Booklet.
- This Test Booklet contains 50 items (questions). Each item comprises four responses (answers). Choose only one response for each item, which you consider the best.
- After the candidate has read each item in the Test Booklet and decided which of the given responses is correct or the best, he has to mark the circle containing the letter of the selected response by blackening it completely with ball point pen as shown below. In the following example, response "C" is so marked:
 - (A) (B) (D)
- 4. Do the encoding carefully as given in the illustrations. While encoding your particulars or marking the answers on answer sheet, you should blacken the circle corresponding to the choice in full and no part of the circle should be left unfilled. In the test ball point pen of black or blue ink is to be used as such you should be very careful while marking the responses to avoid erasing at a later stage. Double marking in the answer sheet will fetch zero mark. You may clearly note that since the answer sheets are to be scored/evaluated on O.M.R., any violation of the instructions may result in reduction of your marks for which you would yourself be responsible.
- You have to mark all your responses ONLY on the ANSWER SHEET separately given to you.
- All items carry equal marks. Attempt all items. Your total marks will depend only on the number of correct responses marked by you in the Answer Sheet. There will be no negative marking.
- Before you proceed to mark responses in the Answer Sheet, fill in the particulars in the front portion of the Answer Sheet as per the instructions sent to you.
- 8. After you have completed the test, hand over the Answer Sheet only to the Invigilator.
